Fine Gael TD, Mary Mitchell O Connor, Minister for Higher Education, congratulated all prize winners in her Official speech and commented upon the record number of golfers who have visited Ireland last year. Overall tourism numbers are up close to 9 million visitors resulting in thousands of new jobs nationwide.

All awards are won on the basis of an all Ireland poll undertaken from within the golf and golf related business community. A recent Failte Ireland golf tourism report revealed that over 163,000 visitors played golf while here in Ireland and accounted for over €200m in revenue last year.
